INTRODUCTION

PURPOSE AND AUTHORITY

The General Assembly of the Commonwealth of Kentucky enacted KRS 68.005 in 1978 for the purpose of promoting efficient administration of County government. KRS 68.005 requires the Fiscal Court to adopt a County administrative code which includes, but not limited to, procedures and designation of responsibility for the following:

- (1) General administration of the office of County Judge-Executive (hereinafter 'County Judge'), County administrative agencies and public authorities;
- (2) Administration of County fiscal affairs, including budget formulation; receipt and disbursement of County funds, preparation of records required for the County audit, and for filing of claims against the County;
- (3) Personnel administration, including description and classification of non-elected positions, selection, assignment, supervision and discipline of employees, employee complaints and the County affirmative action program;
- (4) County purchasing and award of contracts; and
- (5) Delivery of County services.

The County Judge, as the chief executive officer of the County, is responsible for the organization and management of the administrative functions of County government. The Fiscal Court sets the County's policies and priorities. The County Judge must execute these policies and priorities. The statute provides only general guidance as to the form and substance of a County's internal administrative organization. For this reason, the Fiscal Court of Pulaski County enacts the following County Administrative Code.

Pulaski County Administrative Code

Pulaski County Fiscal Court does hereby establish a County Administrative Code; dividing the administrative service of Pulaski County into departments under the County Judge; prescribing administrative policy and procedure; prescribing the function and duties of administrative units and officials of the government; prescribing the administration of fiscal affairs and procurement procedures; and prescribing for the delivery of County services.

Personal use of an employer provided vehicle (i.e., commuting to and from work) is a taxable fringe benefit. The taxable value of the personal use will be treated as taxable income and included in the wages of the employee and subject to the applicable withholdings. The value of the commuting-only personal use vehicle is \$30.00 bi-weekly, unless the vehicle is used for an on-call purpose. Then the rate is waived for that commute. Should the vehicle be used outside of commuting-only, then the fair market value calculation will be used.

Employer provided vehicles fall under these categories:

All documentation must be turned in to the personnel officer at the end of each month to be processed on the following payroll. Failure to do so will result in every work day being charged as a commute.

SECTION 5.6 PERSONNEL POLICY AND PROCEDURES

STATEMENT OF PURPOSE

The Pulaski County Fiscal Court recognizes that a personnel system which recruits competent, dependable employees is indispensable to effective and efficient county government. These policies and procedures, classifications, pay plans and job descriptions have been developed in order to achieve optimum efficiency and economy in the pursuit of the county's goals and the utilization of its human resources.

The policies and procedures set forth hereinafter are intended to implement the personnel ordinance by providing procedures for:

1. Classifying positions in the county service;
2. Recruiting persons for that service;
3. Setting forth rules and regulations governing employment with the county; and
4. Compensating employees for their service to the county,

While the county is committed to the equitable treatment of its employees, it is expressly noted that nothing in these policies is intended to create a contract of employment. Employment with the County is at-will meaning any individual may voluntarily leave employment or may be terminated by the county at any time, for any lawful reason, or for no reason at all. Any oral, written statements, custom or course of dealing to the contrary are hereby expressly disavowed.

SCOPE OF COVERAGE

The following Personnel Policies and Procedures have been adopted by the Pulaski County Fiscal Court and are applicable to all persons employed or appointed to positions at all levels in the county government, with the exception of the following:

- A. All elected officials;
- B. Employees of the Jailer, Sheriff, County Clerk, County Attorney, and Coroner, unless expressly requested by the elected official in writing;
- C. All members of boards and commissions;

ADMINISTRATION OF THE PLAN

Pursuant to KRS 67.710 the County Judge/Executive is the chief executive of the county. The County Judge/Executive, by law, shall have all the powers and perform all the duties of an executive and administrative nature vested in, or imposed upon the county or its fiscal court. The Judge/Executive is responsible for the proper administration of the affairs of the county placed in his charge. Pursuant to KRS 67.710(7), the County Judge/Executive, with the approval of the fiscal court, has the authority to appoint, supervise, suspend, and remove county personnel, unless otherwise provided for by state statute. Notwithstanding the provisions of KRS 67.710(7), KRS 67.711(1) gives the County Judge/Executive express authority to hire a deputy county judge/executive, and a reasonable number of other assistants, secretaries, and clerical workers to work within the judge/executive's office, who shall serve at his/her pleasure. The fiscal court, pursuant to KRS 64.530(4), is required to fix reasonable compensation for these positions.

The County Judge/Executive is hereby designated as the county personnel administrator. In this capacity, the Judge/Executive may delegate such duties and functions as he/she deems appropriate.

Administration by Constitutional Officers

In those situations where county constitutional officers have chosen to adhere to the policies adopted by the Pulaski County Fiscal Court by providing a written request to the County Judge/Executive, the constitutional officer shall serve as the executive authority for the office.

MERIT SYSTEM

The Pulaski County Fiscal Court, by adoption of these policies and procedures and all the particulars contained herewith in, establishes a Merit System for all employees. All employees who complete 6 months of regular full-time employment shall not be separated from County employment without just cause. No change in the composition of the Fiscal Court shall make any change in the job security of any employee addressed by this manual.

Those positions that are NOT covered by the merit system shall include: Administrative Assistant, Deputy Judge Executive, Personal Secretary, Road Supervisor, County Finance Officer, County Treasurer, and/or any position limited by KRS and KAR.

More precisely defined, this section protects the employee from political harassment or retribution: HOWEVER, it in no way affords any protection to any employee whose performance is inadequate; whose personnel record contains serious and/or repeated disciplinary action; or, who is guilty of insubordination.

EQUAL EMPLOYMENT OPPORTUNITY

The County provides equal employment opportunity to all employees and applicants. The County does not discriminate in its employment practices on the basis of race, color, sex, religion, national origin, age, disability, veteran status, genetic information, ancestry, because the individual is a smoker or non-smoker, or other protected classification, in accordance with applicable law.

EMPLOYMENT OF RELATIVES

An elected official may not hire or appoint a member of their family. If, however, the family member has been employed for at least one year prior to the official's election, this policy does not apply. This prohibition also does not apply to any relationship created by marriage if the relationship is reported to the Ethics Commission, which may take action to eliminate the adverse effects of the relationship.

For purposes of this section, "family" is defined as a spouse, child, parent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, grandparent, or grandchild of an elected county official.

In the event of two "defined" family members being employed in the same department, under no circumstances will one member be permitted to supervise the other.

REASONABLE ACCOMMODATIONS

The County will comply with the provisions of disability laws for employees who qualify. Employees should contact the County ADA Coordinator with questions or concerns about any needs or requests for reasonable accommodations.

Although requests for reasonable accommodations may be submitted verbally, it is recommended to confirm the request in writing to the County ADA Coordinator. (Sample confirmation form-Attachment A) Upon receipt of a request for reasonable accommodation for a disability, the County ADA Coordinator may require that the employee provide documentation from a medical professional regarding the disability and requested accommodation. Medical documentation provided for this purpose will be kept separate from the employee's personnel file and kept confidential, subject to applicable law.

Only information related to the provision of a reasonable accommodation or information necessary to address safety issues in the work setting will be released to supervisors and/or departmental directors, subject to applicable law.

Any employee or applicant who believes that he or she has been subjected to prohibited discrimination may personally, or by a representative, make a report with the office of the County Judge/Executive or the appropriate Constitutional Officer using the procedure outlined on pages 27 and 28 of this policy.

PROHIBITION OF WORKPLACE HARASSMENT AND DISCRIMINATION

The Pulaski County Fiscal Court is committed to maintaining a work environment that is free of discrimination and harassment. In keeping with this commitment, the County will not tolerate harassing conduct that affects tangible job benefits, that interferes with an individual's work performance, or that creates an intimidating, hostile, or offensive working environment by anyone, including any superior, co-worker, vendor, client, or citizen.

 5. **Reporting Procedures**: Any officer or employee of the County shall immediately make a report following the procedures set forth in these policies and procedures. The County will promptly investigate and respond to any grievance. Individuals falsely accusing another of harassment or sexual harassment in bad faith will be disciplined in accordance with the nature and extent of his or her false accusation.

The County cannot respond to harassment or discrimination of which it is unaware. Thus, it is imperative for an employee with a concern involving potential harassment or discrimination, including disability discrimination, to promptly make use of the reporting procedure in this policy. Employees in positions regulated by the Federal Department of Transportation ("DOT") are subject to drug testing and disciplinary requirements separate in addition to those that apply to all County employees. Those requirements are as follows:

1. Separate test: For all instances when a drug or alcohol test required by the County's Drug Free Workplace Policy (pre-employment, reasonable suspicion, random and post-accident), employees in "safety sensitive" positions. DOT tests shall be conducted and documented pursuant to DOT regulations. DOT tests shall take priority over and be conducted and completed **before** any non-DOT testing begins. Provided, however, that the employee will not receive the opportunity to discuss test results with the MRO if he/she declines the opportunity, has been instructed to contact the MRO and failed to do so, or has not been successfully contacted within ten (10) calendar days of the test despite reasonable efforts.
- c. If there is a positive test result or it is determined there was a refusal to test because of adulteration or substitution, the employee also shall have the opportunity to request, verbally or in writing, a test of the "split specimen" (as defined by 49 CFR 40.3). The employee must make such a request within seventy-two (72) hours of when the employee is notified of the verified positive drug test or determination of refusal to test because of adulteration or substitution. If the employee does not make his/her request within 72 hours, the employee may still request a "split specimen," but only if the employee presents the MRO with documentation showing that circumstances such as a serious injury, illness or lack of actual notice unavoidably prevented him/her from making a timely request.
- d. If the MRO determines there is a legitimate medical explanation for a positive test result, the MRO shall certify that the test results do not indicate the unauthorized use of alcohol or a drug.
- e. If the MRO determines, after appropriate review, that there is not a medical explanation for the positive test result other than the unauthorized use of alcohol or a prohibited drug, the MRO shall refer the individual tested to the Human Resources Department for further proceedings in accordance with this policy.

MRO determinations concerning the use of alcohol or a controlled or illicit substance shall comply with all procedures outlined in the U. S. Department of Health and Human Services Substance Abuse and Mental Health Services (SAMHSA) "Medical Review Officer Manual for Federal Agency Drug Testing Programs."

4. Additional requirements for MROs involved with DOT testing: For purposes of compliance with DOT requirements for testing of DOT-regulated "safety sensitive" employees (addressed more below), the Medical Review Officer must meet the qualifications set out in 49 CFR 40.121.

Reasonable suspicion tests for DOT purposes must be based on suspicion that satisfies both these criteria **and** the criteria in the County's Drug Free Workplace Policy. Further, when reasonable suspicion testing is required, the County must document the circumstances of an event if testing for alcohol does not occur

within two (2) hours following a reasonable suspicion determination, and must cease attempts to administer an alcohol test if it is not administered within eight (8) hours following the determination.

6. Additional DOT requirements for drug awareness training: Concerning alcohol and substance abuse awareness training, supervisory personnel responsible for DOT-regulated “safety sensitive” positions also must receive at least two (2) hours of training each year in DOT-compliant substance abuse detection, documentation and intervention. Half of this training shall be devoted to drug abuse, and the other half shall be devoted to alcohol abuse.
7. CDL Queries: The Federal Motor Carrier Safety Administration (FMCSA) requires employers of CDL drivers to conduct a pre-employment and annual query with the Drug and Alcohol Clearinghouse.

Employees that hold a CDL license or permit will be presented with a form authorizing PCFC to perform a single limited query each time a query is due. When necessary to transfer an employee between departments, Fiscal Court may adjust the employee's pay to the pay grade of the position in which they are transferring.

Light Duty

Pulaski Fiscal Court is committed to providing a safe and healthy work environment for our employees. This Light Duty Work Policy aims to accommodate employees who are temporarily unable to perform their regular job duties due to work-related injuries or illnesses and have been given light duty restrictions by a healthcare provider.

Light duty assignments will be based on the employee's current medical condition, the availability of suitable work based on their restrictions, and the operational needs of the county. A reasonable effort will be made to provide light duty work assignments to employees who are unable to perform their regular job duties due to work-related injuries or illnesses, when available. The light duty assignment may consist of a temporary job transfer in order to accommodate restrictions. However, the existence of this light duty policy does not in any way guarantee that light duty will be available in any department, at any given time, or for any employee who requests it.

If an employee refuses a light duty assignment that complies with their work restrictions, they may be deemed ineligible for workers' compensation wage replacement benefits, as per Kentucky law.

If at any point an employee is medically determined to have sustained permanent restrictions, the creation or continuation of a temporary light duty assignment will not be considered. In the event, Pulaski County will review the employee's situation separately, to determine the appropriate steps to be taken and may seek an additional evaluation from an independent physician.

Assignments to temporary light duty shall not affect an employee's pay classification, pay increases, promotions, retirement benefits or other employee benefits. Light duty assignments are strictly temporary and will not exceed one (1) year, with the year defined as beginning on the first light duty day and ending twelve (12) calendar months after the first light duty day. As a condition of a temporary light duty assignment, an employee may be required to submit to monthly physical assessments of their condition by a doctor of the County's choosing.

An employee occupying a regular position may be promoted from one position to a higher position only if he/she possesses the minimum qualifications for the higher position and if the position is vacant. When an employee is promoted to an interim position, he/she will receive salary of said position while filling that role; to be effective the following pay period.

The injury and/or mis-hap must also be reported to the employee's immediate supervisor or the department head, as soon as possible after the injury occurs, but no later than the end of the work day/shift.

The two visits to a health care provider must occur within thirty (30) calendar days of the period of incapacity and the first visit must take place within seven (7) calendar days of the first day of incapacity.
 - b. A period of incapacity due to a serious health condition of more than three consecutive full calendar days, plus one treatment by a health care provider followed by a regimen of continuing treatment. The first visit to a health care provider for treatment must take place within seven (7) calendar days of the first day of incapacity.

6. Intermittent Leave and Reduced Work Schedules

- A. Leave may be taken intermittently or on a reduced hours basis only if such leave is medically necessary. In the case of unpaid leave for the birth or placement of a child, intermittent leave or working a reduced number of hours is not permitted unless both the employee and the County agree.
- B. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the County's operations. The County has the option, in its sole discretion, to require the employee to transfer to a temporary alternative job for which the employee is qualified and which better accommodates the intermittent leave or reduced hours leave than the employee's regular job. The temporary position will have pay and benefits equivalent to those of the employee's regular job.
- C. Employees must provide written note from their provider (or their family member's provider) for each absence taken as intermittent leave under this policy. Such a note simply must confirm the employee's absence was actually for the purpose of a visit to or treatment with a provider. Absent extenuating circumstances, the note must be provided to Human Resources within one (1) working day after the absence. The purpose of requiring such a note is to prevent fraud or abuse of intermittent leave taken under this policy.

- A. Employees must use accrued comp time, sick, and vacation leave before taking unpaid leave under this policy.
- B. Both the paid and unpaid leave will be counted in calculating the total period of leave used under this policy.

8. Notices

Employees desiring to take leave under this policy must provide the County, through the Human Resources Officer, with at least oral notice sufficient to make the County aware that the employee needs qualifying leave, and the anticipated timing and duration of the leave. Employees must also inform the County if the requested leave is for a reason for which leave under this policy was previously taken or certified. When the necessity of leave is foreseeable, employees must provide the County at least thirty (30) calendar days' notice. When thirty (30) day notice is not possible, employees must provide the County notice as soon as practicable.

- B. Failure to give notice as required above may result in the request for leave under this policy being denied and may result in disciplinary action, up to and including discharge, for violation of the County's attendance policy.
- C. Once the County has knowledge has notice of anticipated leave from an employee, it will notify the employee whether the requested leave will be designated as qualifying under this policy and, if so, the amount of leave that will be counted against the employee's leave entitlement. The County's notice will also include any additional information required by law, as well as any employee rights and responsibilities that apply. The County ordinarily will provide this notice, either orally or in writing, within five (5) business days of receiving sufficient information, absent extenuating circumstances. If notice is oral, it will be confirmed in writing no later than the following payday, unless the payday is less than one week after the oral notice, in which case the notice will be given no later than the subsequent payday.

9. Certification of Healthcare Provider

- A. Any leave request based on either a family member's or employee's own serious health condition or a serious illness or injury of a covered service member must be supported by certification from a healthcare provider that verifies the need for such leave. For any leave taken under this policy that will be unpaid, the certification must be provided on either Form WH-380-E (for an employee's own serious health condition) or Form WH-380-F (for a family member's serious health condition) or Form WH-385 (for a covered service member's serious illness or injury). Any leave requested based on a qualifying exigency must be supported by a certification that complies with regulations issued by the United States Secretary of Labor.
- B. In general, the employee must provide a copy of certification required by this policy to the County in a timely manner after the County's request for certification. A maximum of fifteen (15) calendar days will be allowed to provide medical certification as required by this policy, unless circumstances make it impracticable to obtain the certification within this period of time, and the employee has made diligent, good faith efforts to obtain the certification.
- C. If the County deems a medical certification to be incomplete or insufficient, it will specify in writing what information is lacking, at which point the employee shall have seven (7) calendar days to cure the deficiency. If the employee completely fails to provide the certification requested by this policy, then the leave is not approved under this policy. If applicable, the employee may also be subject to discipline, up to and including discharge, for violating the County's attendance policy.
- D. The County may also seek a second, non-binding opinion at the county's expense. If that opinion differs from the opinion obtained by the employee, a third, binding option can be obtained, at the county's expense, from a health care provider agreed upon by both the employee and the county
- E. The County may request recertification of an ongoing condition every six months in conjunction with an absence.
- F. In order to return to work following leave (other than intermittent leave), employees must provide "fitness-for-duty" certification from their health care provider that specifically addresses the employee's ability to perform the essential functions of their job as identified in information the County will provide.

In the case of intermittent leave under this policy, the County may require fitness-for-duty certification where a reasonable job safety concern exists.

10. Continuation of Benefits During Leave

- A. During leave under this policy, the County will continue to pay the employee's group health insurance premium. If the employee does not return to work after the expiration of the leave, the employee will be required to reimburse the County for health insurance premiums paid during the leave, unless the employee does not return because of the presence of a serious health condition which prevents the employee from performing his/her job, the continuation of a serious health condition of the employee's family member or circumstances beyond the control of the employee.
- B. The employee is required to pay their own health/dental contribution and voluntary benefits during unpaid leave on or before the payroll check date. If the employee is unable to pay their portion, the employer has the right to terminate those benefits during the FMLA event.
- C. During the unpaid portion of leave under this policy, employees shall not accrue employment benefits such as vacation leave or sick leave. Conditions of retirement credit accrual are determined by the County Employees Retirement System. Employment benefits accrued by the employee up to the day on which the leave begins will not be lost. During intermittent family medical leave, the employee must work more than one half of their scheduled workdays of the month to accumulate sick and vacation leave. Holidays are not a paid benefit during a FMLA event.

11. Employees' Obligations While on Leave

The County may require an employee on leave under this policy to report periodically to the Human Resources Officer on his/her status and the intention of the employee to return to work. The County may also require periodic re-certification of the employee's medical condition. Failure to report as requested or to obtain requested re-certification may result in disciplinary action, up to and including discharge. An employee taking leave due to the employee's serious health condition, except for intermittent leave, is required to obtain a fitness-for-duty certification at the employee's expense with regard to the condition that causes the need for leave under this policy. The County will not restore an employee to the employee's original position or an equivalent position if the certification is not provided.

12. Employees' Rights Upon Return to Work

Employees who return to work from leave under this policy within or on the business day following the expiration of the total leave available to them under this policy are entitled to return to their original job, or an equivalent position, without loss of benefits. However, pay increases conditioned upon seniority, length of service or work performed will not be granted until the approximate length of service, seniority, etc. was attained after returning to work. Employees who fail to return to work after taking the total leave available to them under this policy within a one-year period lose their entitlement to be restored to their original job or an equivalent position. Employees are responsible for keeping track of how much leave they have taken.

The county expressly reserves the right to deny the previous job to "key employees" in instances where such restoration would result in substantial and grievous economic injury to the county. "Key employee" is defined as a salaried FMLA-eligible employee who is among the highest 10 percent of all county employees.

Pulaski County Road Department will furnish tile for private entrance that will be installed by the Pulaski County Road Department.

Property owner has the obligation to furnish any and all tile necessary to handle water flow to be determined by the Road Foreman for any new entrance. Pulaski County Road Department will install said tile and will provide the material necessary to cover the project upon installation with the covering materials not extending beyond the County right-of-way.

CHAPTER 10 INTERNET & E-MAIL POLICY

Section 10.1 Acceptable Uses of the Internet and County E-mail

The County-provided internet and e-mail access is intended for business purposes only. The County encourages the use of the internet and e-mail because it makes communication more efficient and effective. However, internet service and e-mail are County property, and their purpose is to facilitate County business. Every staff member has a responsibility to maintain and enhance the county's public image and to use County e-mail and access to the Internet in a productive manner. To ensure that all employees are responsible, the following guidelines have been established for using e-mail and the internet. Any improper use of the internet or e-mail is not acceptable and will result in appropriate disciplinary action, up to and including dismissal.

Section 10.2 Unacceptable uses of the Internet and County E-mail

The County internet and e-mail access may not be used for transmitting, retrieving or storage of any communications of a discriminatory or harassing nature or materials that are obscene or X-rated. Harassment of any kind is prohibited. No messages with derogatory or inflammatory remarks about race, age, disability, religion, national origin, physical attributes or sexual preference shall be transmitted. No abusive, profane or offensive language is allowed to be transmitted through the County's e-mail or Internet system. Electronic media may not be used for any purpose which is illegal, deceptive or against County policy or contrary to the County's best interest. Solicitation of non-county e-mail or Internet for personal gain is prohibited. Employees are prohibited from chat room interchange unless established by government agencies.

Section 10.3 Communications

Each employee is personally responsible for the content of all text, audio or images that they place or send over the county's e-mail/internet system. No e-mail or other electronic communications may be sent which hides the identity of the sender or represents the sender as someone else or someone from another entity. All messages communicated on the County's e-mail/internet system should contain the employee's name. Excessive personal communications are prohibited.

Any messages or information sent by an employee to another individual outside the County via an electronic network (e.g., bulletin board, online service or Internet) are statements that reflect on the County. While some users include personal "disclaimers" in electronic messages, there is still a connection to the County and the statements may be tied to the County.

All communications sent by employees via the County's e-mail/internet system must comply with this and other County policies and may not disclose any confidential or proprietary information.

Section 10.4 Software

To prevent computer viruses from being transmitted through the County's e-mail/internet system, there will be no unauthorized downloading of any unauthorized software. All software downloaded must be registered to the County. Employees should contact the County Judge/Executive if they have any questions.

Section 10.5 Copyright Issues

Copyrighted material belonging to entities other than Pulaski County may not be transmitted by employees on the County's e-mail/internet system. All employees obtaining access to other companies' or individuals' materials must respect all copyrights and shall not copy, retrieve, modify or forward copyrighted materials, except with permission, or as a single copy, to reference only. Failure to observe copyright or license agreements may result in disciplinary action up to and including termination.

Section 10.6 Security

The County routinely monitors usage patterns for its e-mail/internet communications. The reasons for this monitoring are many, including cost analysis/allocation and the management of the County's gateway to the internet. All messages created, sent or retrieved over the county's e-mail/internet are the property of the County and should be considered public information. The County reserves the right to access and monitor all messages and files on the County's e-mail/internet system. Employees should not assume electronic communications are totally private and should transmit highly confidential data in other ways. Passwords and sign-on access codes shall not be shared with anyone including co-workers, family members, or other unauthorized personnel. A county employee will be designated as system administrator for e-mail/internet purposes.

Section 10.7 Data Breach Policy

A data breach is defined as the unauthorized acquisition, access, use, disclosure, or loss of sensitive data that compromises the confidentiality, integrity, or availability of that data. This policy outlines the procedures and responsibilities for Pulaski Fiscal Court in the event of a suspected or confirmed data breach.

All employees, contractors and affiliated personnel must promptly report any suspicious activity, unauthorized access or loss of data to the designated point of contact. The designated point of contact will assess the reported incident and, if confirmed as a data breach, will immediately take steps to contain and alleviate the impact of the breach. An investigation will begin to determine the scope, nature and cause of the breach. As well as an assessment to evaluate the potential risks and impact of the breach, including the type and sensitivity of the compromised data.

The designated point of contact will involve relevant authorities and comply with all applicable state and federal laws. A communication plan will be developed to notify affected individuals/companies. The designated point of contact will work to restore affected systems and data to normal operation as quickly as possible. Detailed documentation of the incident, response activities, and communications for regulatory compliance and internal analysis will be maintained. The designee shall conduct a post-incident review to identify lessons learned and areas for improvement.

Section 10.8 Violations

Any employee who abuses the privilege of County-facilitated access to e-mail or the internet will be subject to corrective action up to and including termination. If necessary, the County reserves the right to advise appropriate officials of any suspected illegal violations.

CHAPTER 11 OPEN RECORDS POLICY

The Open Records Act (KRS 61.870 to 61.884) establishes a right of access to public records. Public records are documents created or maintained by a public agency. These records are open for inspection by any person upon written request to the County Judge Executive's Office; via mail, email, hand delivered or electronically transmitted. (Sample Request-Attachment J). The form can be found at pcgovt.com also.

Record Production and Fees when responsive records are to be transmitted electronically to the requester, there is no charge to the requester. However, if the responsive material is more than 8 megabytes ("MB"), the files will automatically be produced via compact disc ("CD") and mailed to the requester. Prior to mailing, the Records Custodian shall provide an invoice to the requester for the production and postage. The fee for each CD is \$15.00. A CD containing responsive records will be mailed upon receipt of payment. When responsive records are to be mailed to the requester, the Records Custodian shall first provide an invoice to the requester for the production and postage. Printing costs are \$0.10 per page, and additional fees shall be justified on any invoice. Copies of photographs, maps, and other such records shall be furnished to any person requesting them on payment of a fee equal to the Agency's actual cost to produce the copies. Estimated costs shall be communicated to the requestor before costs are incurred. After the invoice is paid, the Records Custodian shall produce the responsive records to the requester. If the requester wishes to personally inspect responsive records at the Agency's headquarters, or the location where the records are maintained, the Records Custodian

shall facilitate with the requester the scheduling of a convenient time and place for inspection between 8:00 a.m. and 4:30 p.m., Monday through Friday. The Records Custodian, or an employee of the Agency, shall be present and personally monitor the inspection.

VERY IMPORTANT ANNOUNCEMENT TO ALL EMPLOYEES

For a more effective medical care system, YOUR EMPLOYER has chosen BHN to provide a managed care organization for treatment of any work-related injury. The purpose of joining BHN is to better control the medical care you receive when you are injured or ill as a result of a work related incident.

In a managed care organization (MCO), pre-approved doctors, hospitals, and clinics, are designated to treat injuries received at work. Each injured worker must choose one doctor, at the time of injury, as a primary care doctor. You will be given a list of primary care doctors or "Gatekeepers" and pre-approved pharmacies are to fill prescriptions for medicine. The Gatekeeper will direct your treatment and refer you to a specialist if needed. **You cannot go to a specialist or seek medical treatment elsewhere without the authorization of the Gatekeeper.** You have the right to one change in Gatekeeper physician, should you wish to do so. To change Gatekeepers, you must call BHN/KACo at 866-367-5226. **You will be responsible to pay for unauthorized treatment. If prescriptions are filled at an unauthorized pharmacy, you will be responsible for paying the charges that are above the amount that would have been charged by the approved pharmacy.**

You may access providers who are not participating plan providers:

- For emergency care;
- If you are referred by a gatekeeper physician outside the managed care plan for medical services;
- If authorized treatment is unavailable through the managed care plan;
- To obtain a second opinion if a managed care plan physician recommends surgery
- For those injuries or diseases for which continuing treatment was initiated prior to the date the managed care plan for the employer was approved, the employee may continue with its current treating physician;
- If initial emergency care following a compensable injury is rendered by a medical provider outside the managed health care plan, the injured worker may remain under the care of that provider so long as the provider complies with utilization review, reporting standards, and quality assurance mechanisms prescribed by the employer's managed care plan.

BHN's Telephonic Nurse Case Managers may authorize treatment out of network if:

- You need follow-up care from the same emergency provider who provided initial emergency services;
- Your gatekeeper refers you outside BHN's network;
- Treatment you need is not available within BHN's network, per the gatekeeper.

You will be given a card with the BHN phone number and information. This card is to be shown to the physician and/or pharmacy at the time of treatment. This card does not guarantee payment or that the injury is work related.

YOU will be responsible for notifying your supervisor and KACo Nurse Triage at 866-367-5226 at the time of a work related injury. The Triage Nurse will coordinate treatment at a network provider.

In the event you are dissatisfied with the medical services from BHN, you may file a grievance form by contacting BHN. You will have thirty (30) days from the time of a disputed event to complete the form and return to BHN. BHN will have thirty (30) days from receipt of grievance form from you to research the grievance and respond to you. Where treatment urgency is an issue, the grievance decision will be expedited.

An employee or provider dissatisfied with the managed health care system's resolution of a grievance may apply for review by an administrative law judge by filing a request for resolution within thirty (30) days of the date of the system's final decision by contacting the Department of Workers' Claims, 657 Chamberlin Avenue, Frankfort, KY 40601

You can pick up a directory from Human Resources at any time.
